MESSAGE FROM THE DESIGNER

Dear AFOL,

Thank you very much for supporting and purchasing my design; I really hope you enjoy it! Maybe it will find a place in your amusement park (or at least that was my intention when I designed this shooting gallery). I had fun creating this colorful little set, even though it's quite a simple build.

The inspiration came to me spontaneously as I thought about what I would want as a LEGO® set myself. I love the theme around the amusement park. There was nothing like it so far, so I wanted to design a shooting gallery as they can be found at many fairs around the globe. I did not expect that my design would be selected in the AFOL Designer Program, so I'm all the more grateful that it worked and that now you can build it with your own hands.

If you appreciate my work, follow my accounts for more and upcoming designs!

Martin Tiefenthaler
BRIXONATOR

I like Star Wars, space, all Creator Expert sets and also collect minifigures. I often buy on BrickLink to complete old LEGO sets or for personal projects.

HOT SHOT CARNIVAL

Opt for a night out at the carnival and stop by the Hot Shot, a shooting gallery where you can get some target practice! From afar, you can spot the billboard for “Hot Shot” with a large rifle and bullseye attached. When you get inside the carnival, take a walk around and treat yourself to an ice-cold popsicle. Then when you are ready for a little friendly competition, look for the booth with the red wavy walls and yellow and orange overhang.

If luck is on your side, you can win prizes like a life-sized teddy bear, special edition guitar, and a few other surprises!

To provide a better building experience, the parts in this set are divided into stages. Stage numbers are marked on each bag (e.g. 1A, 1B, etc) and at the appropriate place in the instructions. All bags beginning with the numeral one should be opened first. After the first stage is built, open bags from the second stage and so on.
