MESSAGE FROM THE DESIGNER

Thank you for supporting the AFOL Designer Program and this set! I hope you enjoy building and displaying the Vintage Roadster. Next time there's a car show in your area, take the opportunity to see a roadster from the 1930s or 40s in real life. They're remarkable sculptures in steel, often customized for their original owners. It was a wonderful challenge to translate the classic shapes into the LEGO® you now hold in your hands. I encourage you to customize yours, and don't hesitate to make "vroom vroom" noises like when you were a kid (I certainly did).

Have fun!

Piet Niederhausen
Galaktek

LEGO is my way to relax from work in the evenings for a few hours. I love to try out MOCs in different themes, including Space, Castle, and Microscale, and sharing them on Flickr.

VINTAGE ROADSTER

Journey to the Art Deco era in your very own Vintage Roadster, which has enough room for you and a friend to experience elegance on wheels. With its classic sweeping shape, side doors, and monochromatic color scheme, no one will question your timeless sense of style. Even the sleek engine inside can be revealed simply by removing the front hood.

No matter where you go with this Vintage Roadster, you will be the star of the show.

To provide a better building experience, the parts in this set are divided into stages. Stage numbers are marked on each bag (e.g. 1A, 1B, etc) and at the appropriate place in the instructions. All bags beginning with the numeral one should be opened first. After the first stage is built, open bags from the second stage and so on.
